

30-Day Preschool Learning Pack

A structured month of classroom-ready early-learning activities for ages 3-6

30 Days

Teacher Prompts

Daily Objectives

Printable Practice

Single-location nursery license

Designed for internal classroom use by one nursery or preschool location.

How to Use This Pack

Daily structure

Each day includes a learning objective, 10-minute warm-up, teacher-led activity, movement/game, printable practice and a review prompt.

Flexible timing

Use one day per school day or combine activities into your existing timetable.

Language

Core concepts are universal. Teachers can deliver in English, Arabic or bilingually.

Age differentiation

Ages 3-4: recognition and matching.
Ages 4-5: tracing and naming. Ages 5-6: simple recall and independent practice.

1 Day 1: Number 1

Learning objective

Recognize the number 1 and connect it to one object.

Warm-up - 10 min

Count one toy together.

Teacher-led activity

Place one block in each child's hand.

Movement / game

Hop one time.

Printable practice

Trace 1 and circle one apple.

Teacher review

Ask 2-3 children to identify the concept independently. Repeat with visual support for children who need more practice.

Differentiation: Younger learners can point/match; older learners can name, trace and answer simple questions.
